

An In-Depth, Daily Bible Study for July

As part of our on-going S.O.A.P.Y. Bible Study, we will be jumping deep into the Gospel of John—spending several days at a time within the same chapter or section of verses.

Even if you have not been participating in the S.O.A.P.Y. Bible Study, you will find this summer daily devotion to be an engaging experience with the Scriptures.

First Day: You will be asked to read the entire chapter, or whole section of scripture. You will want to write down your general thoughts and observations about the entire section you read.

Following Days: You will be invited to go back and read specific sections of verses to spend additional time in wondering, imagining and listening to what God has to say to you through his Word.
